Projects

ATM Simulator System Java, Swing, AWT, MySQL	12/2024 - 04/2025
- Designed and managed relational database systems (MySQL) for transactional data - Implemented efficient data storage and retrieval using SQL queries - Ensured data consistency and integrity during transactions - Simulated backend systems handling structured data	
Gesture Play: Motion-Controlled Racing Python, OpenCV, MediaPipe, Unity, UDP	07/2025 - 11/2025
- Processed continuous input streams simulating streaming data pipelines - Implemented optimized data transfer using UDP for low-latency communication - Applied concepts of data transformation and real-time processing	

Campus Sync	12/2025 - 04/2026
A full-stack campus management platform with role-based access, club and event workflows, live messaging, smart search, and an admin dashboard.	
- Built a scalable full-stack campus management system using Django REST Framework, React, and PostgreSQL. - Implemented JWT-based authentication and role-based access control for students, clubs, and administrators. - Created an admin dashboard for managing users, clubs, events, and platform activities efficiently.	

Skills

- Programming Languages: Python, Java, SQL
- Big Data Technologies: Apache Hadoop (Hands-on), Apache Spark (Basic Data Processing using PySpark)
- Databases: MySQL, PostgreSQL (Basic)
- Cloud: Oracle Cloud (OCI Certified), Basic knowledge of Azure/AWS
- Tools: Git, Excel
- Concepts: DBMS, OOP, Data Processing, ETL Basics
- Soft Skills: Teamwork, Communication, Problem Solving
- ETL Pipelines, Data Ingestion, Batch Processing

Certifications

Micro-Certification - Welcome to ServiceNow – ServiceNow	01/ 2026
Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate	12/ 2025

Achievements

- DSA Command | 2nd Place, Inter-University DSA Competition2025
 - Outperformed participants from multiple institutions by solving complex algorithmic challenges under strict time constraints, demonstrating high proficiency in optimization and logical reasoning.
- Front-End Specialist | 3rd Place, Front-End Fusion (Universum)2025
 - Recognized for rapid prototyping and UI/UX excellence in a high-pressure development sprint, focusing on responsive design and seamless user interactivity.
- Aerospace Knowledge Leader | 1st Place (2k24) & 2nd Place (2k25), National Space Day Quiz
 - Consistently ranked at the top of national-level assessments for space science and satellite technology, showcasing strong analytical skills and a commitment to continuous learning in STEM.
- General Aptitude Excellence | 3rd Place, Republic Day Quiz Championship2026
 - Demonstrated quick-thinking and a broad knowledge base in a competitive environment, placing in the top three of a high-turnout university event.
